METHING OF A DEFICIT

ntgomery County Fair, Held at ed Oak Last Week, Fails to Pay ut and About Half of $1,000 Guar- nty Will be Needed

lthough all bills are not paid and omplete financial statement of the ntgomery Co. Fair held at Red k last week is not available, it is own that the receipts did not equal expenses and that the guaranty d will have to be used to pay deficit. As near as can be es- ated about half of the $1,000 fund l be necessary to square up the ounts.

Through the courtesy of The Red k Sun, The Review is furnished following information:

The total paid admissions for the ee days were 5829, including both adults' and children's tickets, and record of the receipts shows that ut one-third of the revenue was ived from the quarter stretch tick- . There were 1733 tickets sold on ednesday, 3021 Thursday and 1075 day. Baseball was virtually the y attraction in the quarter stretch, d it is safe to say that the base- l tournament was one of the most pular features of the fair.

The display of live stock, agricul- al products, fancy work, pantry es, and the like, as well as those the Red Oak business men, attract much attention, but since there s no revenue derived from them the association, there is of course record to show the extent of in- est taken in them.

Walter Roberts, of Atlantic, who d 14 head of Angus cattle on ex- bition, was the largest premium nner, he getting $81.60, and T. H. ac had the most complete display farm products on exhibition.

J. M. Keyte was superintendent of e horse department, H. Ebert of ttle, M. L. Stewart of sheep, Geo. Cooper of hogs, Gordon Hayes d Miss May Lloyd of farm pro- cts, Mrs. J. B. Graves and Miss nna Graves of pantry stores, Mrs. attie Ross and Mrs. Ross DeKay of ncy work and fine arts. Mrs. W. Ray, Miss Fannie Lloyd, L. H. nner, Forrest Muhs and Wayne shby were assistants in the art partment.

Mrs. T. D. Murphy was judge of e art department; Mrs. Harry Pilk- gton, Mrs. L H. Tonner and Mrs. . W. Clovis of pantry stores; Mrs. . C. Ratcliff, Mrs. F. J. Brodby and iss Fannie Dearborn of fancy work; . P. Mayhew, manager of the state rm at Clarinda, and Howard Bass dged the live stock and farm pro- cts.

The officials of the races were O.

HANDLESS PENMAN HERE

A few days ago Villisca was visited by a fat "freak," who weighed 749 pounds, and stood over six feet tall, and was otherwise a very large man. Saturday, however, a man came here who was the best 'freak" of all. He has no hands, but uses his stumps to good advantage, and his specialty is writing calling cards, a half dozen for ten cents. The man is an expert penman. He holds the pen between the ends of his stubs, dips it in the ink, fixes it in place with his teeth and then begins to write. The card is held in place with a little clip. The writing is extraordinarily good, and he uses several pleasing flourishes which would be a credit to any school of writing. The man's name is J. C. Ryan, and his home is at Brooklyn, New York. He told a representative of The Review that he had his hands frozen while homesteading up in South Dakota twenty years ago, and that amputation was necessary to save his life. He would not become a beggar and he could not go ahead with his farming, so he took up the study of penmanship, and is now making a good living. He said that on ordinarily good days he made as high as $2 and $3 an hour writing cards, and that in the evening when there were many people in town, he made even more than that. He is a pleasing, affable talker, and has seen many parts of this old world which has been denied those of us who have hands, and stay at home and work.

While Mr. Ryan was in the city, a couple of gentlemen with a poodle dog gambling graft slipped into the city between fairs and started a wheel of fortune, but members of the city council, acting in lieu of a mayor, which the city lacked, soon put a stop to their game. It was about the simplest kind of graft, anyway, and a man ought to be fined for not having one better. They sold paddles at ten cents a piece, and on each paddle were four numbers, and with each paddle went a lead pencil, so that by buying a half cent lead pencil for a dime you didn't gamble any. When they had fifteen paddles sold, they gave the wheel a spin and somebody got a poodle dog if he held the lucky number. The dogs were made of cotton and were worth about a quarter each.

COUNTY PICNIC SEPT. 25

Red Oak, Sept. 9.—The county picnic will be held at the county farm on Wednesday, September 25. Every person in the county is wanted to attend. According to an announcement by Steward A. L. Houston, a big program is being prepared, and they plan on having one of the biggest and best times in the history of the farm.

Pay your taxes this month.

SENATOR KENYON IS SPEAKER

Will Make Principal Address on Old Settlers' Day in Villisca—Date is Changed to Wednesday, September 25—Program Under Way

The date for the 26th annual reunion of the Old Settlers' association at Villisca has been changed from September 19th, as previously announced, to Wednesday, September 25th. The change was made to accommodate Senator William S. Kenyon, who has promised the committee on arrangements he will positively be here on that date. Senator Kenyon is one of the ablest platform men in the United States, and his coming to Villisca will mean a big crowd here on Old Settlers' Day. Senator Kenyon was booked by the Midland chautauqua circuit as one of their highest priced numbers, and had he appeared in Villisca when the chautauqua was here it would have cost 50 cents to have heard him. Senator Kenyon, Dr. Cook and Dr. Wiley were the three highest priced numbers on the prrogram, and they are in great demand by all chautauqua companies. It will cost absolutely nothing to hear him in Villisca on Old Settlers' Day, and everyone is invited to come out and enjoy his talk.

In addition to Senator Kenyon the committees at work on the program have arranged for free band concerts, a big basket dinner, free open air entertainment, and an effort will be made to have a real old fashioned fiddlers' contest. The address of welcome will be made by the new mayor. After the speaking there will be a big ball game between teams from Villisca and Grant, and an effort will be made to run a special train down from Atlantic to bring the Grant people along.

In the evening Dr. F. M. Childs will give a high class moving picture entertainment free in the park, and there may be other good things on the program. Of course, there will be some good singing, and some recitations, but these have not been arranged for as yet.

The committees in charge of the program are as follows:

On speakers and advertising—J. L. Smith.
On music—H. C. Weber
On seats—A. R. Means
On finance—F. L. Ingman
On amusements—C. M. Graham

The business men are back of the enterprise, and they are doing all they can to make the day a success. On page 2 of this issue will be found a page announcement of the program, and the merchants who have contributed to help advertise the Reunion in this manner are entitled to your custom when you come to town on that day. Next week, in the same space, will be found the official program. Watch for it, and don't forget the date, Wednesday, September 25.

SOME BIG LAND DEALS

John Focht, administrator of the estate of his father, the late Wm. Focht, sold the Focht home farm of 320 acres, lying two miles northeast of Morton's Mill, last Saturday to the Atlantic Real Estate and Loan company of Atlantic. The consideration was $32,000, or $100 per acre. The deal was made through the agency of H. F. Porter of Grant.

A few big land deals have also been taking place in the vicinity of Grant. Some two weeks ago Dr. M. B. Weir sold his forty acre tract south of Grant to Carl Tidgren at $135 per acre, and then bought the George Coziah eighty east of Grant at $135 per acre, including his fine residence in Grant on the deal for $4,000. Last week he sold the Tidgren eighty to Joseph Roberts at an advance of $5 on the acre. Dr. Weir then bought another eighty southwest of Grant, known as the Diamon place, for $85 the acre.

C. M. Feese has bought the John Swanson farm of eighty acres, four miles south of Villisca, for $10,400, or $130 per acre Mr. Feese will move about the first of March.

F. A. Green has purchased of W. G. Davie the 100 x 240 foot lot lying on High street, adjoining the Dr. F. M. Kelsay property. The consideration was $525. Mr. Green contemplates building a home there, and may move to Villisca as soon as he sells his farm.

E. Talbot sold his 23 acre farm just east of town to W. G. Davie

WILLIAM HAMILTON DEAD

Word was received by Postmaster W. B. Arbuckle the first of this week, that his cousin, William Hamilton, died at the home of his sister, Mrs. J. M. Hoxworth, at Bedford, Monday, September 9, 1912.

William Hamilton was a brother of Engineer James Hamilton and both were at one time residents of Villisca. The deceased left here about twenty-five years ago and went to Texas and from there to Shreveport, Louisana, where he had been engaged in the real estate business until a few months ago, when, on account of failing health, he came to the home of his sister at Bedford. Mr. Hamilton was born in Scotland and came to this country when about seventeen years old and settled in Page county.

The funeral was held in Bedford yesterday and the interment was in the Bedford cemetery by the side of his father.

The Review prints Sale Bills.

WILL BUILD NEW FACTORY

Villisca has one institution of which it feels justly proud, and it is with pleasure that The Review records the fact that soon this institution will enlarge and build a new home for itself. The firm in charge of this progressive business is named Tyler Bros., and they are among Villisca's most enterprising and most valued citizens. Now comes the announcement that they have outgrown their present quarters, where for many years they have been manufacturing Tyler's Famous Ice Cream, and contemplate building new and better quarters just to the north of the main entrance to Tyler's park.

The new structure will be about 24 x 90 feet, two stories high, and equipped with all modern paraphernalia for the making of the kind of ice cream everybody in this part of the country insists on eating. The office, freezers, homogenizer, packing bins, cream room and the main part of their machinerry will be located on the first floor. Upstairs will be the mixing room and storage rooms. Work on the new building will commence in two or three weeks. The old structures, now in use east of the race track, will likely be removed.

Tyler Bros have developed an immense trade in ice cream, and all over Southwestern Iowa, and further than that even, the name of Tyler's Famous Ice Cream is known, and Tyler's is asked for. During the present summer they have manufactured to exceed 250 gallons of cream daily, and the summer has not been a hot one, generally speaking, either

MRS. SARAH BAUM DEAD

Mrs. Sarah Baum died Sunday afternoon, September 8, 1912, at half past one o'clock of apoplexy at the home of her daughter, Mrs. J. E. Farmer. Mrs. Baum had been in her usual good health until Tuesday of last week when at half past one she was stricken with apoplexy from which she never recovered.

The deceased was seventy-seven years, ten months and 13 days old at the time of her demise. She was born in Portsmouth, Ohio, October 25, 1834, and with her family came to Iowa in 1852. Mrs. Baum was preceded to the grave by her husband eleven years ago and for the past seven years she has made her home with her daughter, Mrs. J. E. Farmer. Mrs. Baum is survived by one daughter and one granddaughter, Mrs. Farmer and daughter Miss Grace. The remains were taken to Fairfield for burial and were accompanied by Mr. and Mrs. Farmer and Miss Grace. Mrs. R. B. Duncan of Hastings, Nebraska, who came last Saturday to be with her aunt in her illness, also accompanied the remains to Fairfield.

DETECTIVE AGAIN ON CASE

According to information which comes from Des Moines, Attorney General Cosson has again employed a member of the Burns detective agency on the Villisca murder case. The man is W. S. Gordon of Kansas City, and he succeeds C. W. Tobie, who first investigated the case, but was subsequently transferred to the Chicago agency. Mr. Gordon and County Attorney W. C. Ratcliff were in consultation with the governor last week, and a plan of procedure was agreed upon, but none of the officials will talk for publication. Later, it may be, they say, they will have a good deal to say, and when the time comes Review readers will know it.

OMAHA POSTEN FOR 25 CENTS

The Omaha Posten is the only Swedish newspaper, oldest and largest, in the west, established in 1886. It has always refrained from entering into a clubbing arrangement with any other newspaper until this year, but finally has consented to try out the plan, and as an opener The Review has made arrangements to club with it, both papers for the small price of $1.75 for a full year, provided the Omaha Posten subscriber is a new one. The regular price of the Omaha Posten is $1.00 a year. New subscribers by clubing with The Review can get it for 25 cents.

This offer is good only until January first.

"PAID IN FULL" A MASTERPIECE

Seldom, if ever, have Villisca theatre goers been treated to as fine an evening's entertainment as that of Tuesday night of this week, when they were privileged to witness Eugene Walter's great American play, "Paid in Full," as presented by the C. S. Primrose company. The play is an intensely interesting one, and, as produced in Villsca, was rendered by some of the best actors and actresses ever seen in this city. It was a pity that more people did not appreciate the value of it by attending.

It was about the best that has ever been in Villisca.

SOLVES HIGH COST OF LIVING

From a piece of ground measuring 6 x 26 feet, C. Teeman of this city raised two and one-half bushels of potatoes. This represents a yield of 700 bushels to the acre, and the increase over the seed planted was twenty-eight fold.

Mr. Teeman has solved the high cost of living problem. If he can raise 700 bushels of potatoes to the acre, others can do the same, and there is enough vacant ground in town to raise all the potatoes needed, and enough boys to do all the work necessary.

F. M. KELSAY IS MAYOR

Received Majority of Votes on 6th Ballot at Council Meeting Last Night— Election Made Unanimous— Succeeding Councilman Not Chosen

Dr. F. M Kelsay, councilman from the second ward, was elected by the city council of Villisca last evening to the office of mayor to succeed F. L Ingman, resigned. The election took place on the sixth ballot, following a short recess by the council, and was, on motion of Councilman S. P. Moore, seconded by J. M. Tinsley, made unanimous immediately afterward.

Following his election Dr Kelsay thanked the council, and announced that he would qualify just as quick as he could.

Councilman at Large A. J. Wertman was then chosen as president of the council to succeed Dr. Kelsay.

Three ballots to elect a councilman from the second ward to take the place of Dr. Kelsay, whose resignation followed his election as mayor, were taken, but the council failed to elect.

The Vote on Mayor

On the first ballot taken to elect a mayor the vote stood two for Kelsay, one for E. C. Gibbs, one for George Farquhar, and one for A. R. Means Second vote; two for Gibbs, two for Kelsay, one for J M. Tinsley. The third ballot resulted in two votes for Gibbs, one for Tinsley and two for Kelsay. On the fourth, A. J. Wertman had one vote, Tinsley one, Kelsay two, and Gibbs one The fifth ballot gave Kelsay two, Farquhar one, Tinsley one and Gibbs one. Seeing the futility of further balloting at random, the council took a short recess, and on the sixth ballot the vote stood One for Tinsley, one for H. A. Glackemeyer, and three for Kelsay, thereby electing Dr. Kelsay, who wrote out his resignation as councilman immediately.

One ballot was taken for president of the council, and resulted in three for Wertman and one for Tinsley.

The Vote on Councilman

The council then proceeded to attempt a choice of councilman from the second ward, and the first ballot resulted as follows: C. N. Fessler two; R. S. Poston one, and A. R. Means, who does not live in the second ward, one.

On the second ballot Fessler got two, J. L. Neill one and Poston one. The third ballot stood a tie; two for Neill and two for Fessler. The council then adjourned to meet at ten o'clock this morning, when Mayor Kelsay's bond in the sum of $1,000 will be approved.

New Mayor Will Make Good

That the new mayor will fulfill the obligations of his office goes without saying. Dr. Kelsay is one of the most thorough students of civic and municipal affairs in the city, and he is a conscientious worker for the city's good. He has served as councilman from the second ward two terms, and has proven one of the ablest and most valuable men on that body. He is one of Villisca's most progressive citizens, a booster in all things, and, in short, is the right man for the place. He is a practicing dentist by profression, with offices in the McNaughton block.

Petition for Gibbs

A paper was presented at the meeting Monday evening, signed by fifty business men and citizens, asking that the council re-elect E. C. Gibbs as mayor

The connection for the new water main on West Fourth street arrived the first of the week and it is expected that the pipe will follow in a few days F. L. Lenhart, who was awarded the contract for laying the West Fourth street main made a bid of 23 3-4 cents per foot, $2 50 for setting hydrants The main is a four inch one, and the dirt is to be tamped back by hand The pipe and connections were purchased of the James B. Clow & Sons company of Chicago. The pipe will be shipped from their factory at Coshocton, Ohio

WEDDING TO BE

A license to marry has been issued to Mr Ben C King and Miss Lula Walker The former is the son of Mr. and Mrs George King, living north of Villisca and the bride to be is the daughter of Mr and Mrs. Warren Walker of Villisca. The wedding is to take place at the home of the bride on West Sixth street, Saturday evening, September 14. The ceremony will be performed by Elder S. H. Coleman Both these young people are well known in their respective neighborhoods and have many friends. They will not go to housekeeping before spring.

ATTORNEYS KICK ON DELAY

The Register and Leader of last Thursday morning is authority for the statement that the attorneys of the big creditors of the road are commencing to kick on the payment of part of the money from time to time in the A. N. & S. matter and the consequent delay, and are going to insist on a show down and the payment of all the money. The Register-Leader story is, as is usual with the railroad dope in that paper, full of misinformation and the statement of the attorneys' objection to the delay is nothing new, as they have done that all along—Atlantic News-Telegraph.

The Review prints Sale Bills.
