VILLISCA WINS ANOTHER GAME

High School Boys Defeat Clarinda Friday on Latter's Field—Entertained Following Game

About thirty of the high school young people accompanied Coach F. L. Moore and his high school football team to Clarinda last Friday afternoon where the Villisca team conquered the Page county team in the second game by the score of 19 to 7.

Captain Tommie Stallings did not start the game at Clarinda Friday, remaining out of the fray in the first quarter on account of an injured knee Max Gourley played at his half in that quarter. The points by the Villisca team were made when Max Gourley ploughed through for one touchdown; when Stallings hurled a pass to Vernon Selley, who went over for a touchdown; and when Stallings ran across the Clarinda goal line for one touchdown. The latter also kicked goal following the touchdown. The Villisca boys report that the game was a fast and clean one.

Much enthusiasm was generated by the Clarinda high school young people for the game Friday. They had borrowed a family goat from some of the citizens in Clarinda and staged a big parade in which they tried to make onlookers believe that Clarinda was about to "get Villisca's goat." The Villisca team and their supporters were also in the parade.

Friday evening after supper the Villisca young people were guests of the Clarinda teachers and high school students at a party given at the high school building. The locals report that they were royally entertained at that time.

Mrs. Barbara Fulton died Monday morning of this week at about 7:15 at the home of her son, F. G. Fulton, near Sciola. She suffered the first paralytic stroke about eighteen months ago and Thursday evening became sick and later was stricken with the same trouble which resulted in her death.

Barbara Morrison was born in Pennsylvania August 7, 1843, and at the time of her death was seventy-four years, three months and nineteen days of age. She was married in 1862 to Mr. Patton in Pennsylvania and removed to Illiniis in 1864. In 1875 they came to Iowa and settled in Lucas county. In 1882 they came to Page county, where they lived for two years, then went to Taylor county and for thirty years resided on the same farm eight miles southeast of Villisca.

The father and four children have preceded the mother in death. The surviving children are two sons: F. G. Fulton of Sciola and with whom the deceased had made her home since the death of Mr. Patton; and H. R. Fulton of Greenfield, who was here during the last sickness and at the time of the death of the mother.

The funeral services will be held Wednesday at ten o'clock at the F. G. Fulton home near Sciola. Burial will be made in the Guss cemetery beside the husband and other deceased relatives. Rev. W. E. Overturf of the Baptist church and Rev. E. S. Menoher of the Methodist church will have charge of the funeral services.

RED CROSS NOTES

The Alpha division of the high school literary society gave a very good Red Cross program Friday, Nov. 16th. The papers given were very instructive and the recitations and songs were along the same line of thought and were well received. The admission fee charged amounted to $10.00 which was turned over to the Red Cross shop fund to be used to purchase yarn.

Chicago division of Red Cross is sending a car load of surgical dressings each day to some eastern port. The shipment is there divided and each out-going vessel carries a part to the war district abroad.

Mrs. Alger states there will be another shipment of knitted goods the latter part of the week. Will all, who possibly can, get their articles in by that time? A very urgent request is made to have all articles, out at this time, finished and turned in by December 15th. Will not the few, who have been a little slow in returning their knitting, please make a special effort so that their garments may be sent to reach those, who have to occupy cold tents and trenches, as soon as possible. Knit not for recreation but as an actual part of the day's routine.

ENJOYS TRIP TO THE ORIENT

Miss Esme Anderson Arrives in Peking, China—Spent Month at Sea

JAPAN AND HAWAII "GREAT"

Miss Anderson Also Visits American Legation in Peking and Converses with Americans

The following interesting letter from Miss Esme Anderson, daughter of Mr. and Mrs. J. H. Anderson, who sailed for Peking, August 25th, will be of interest to readers of The Review:

Villisca Review and Readers:—

You know not how happy I was to find the "Review" awaiting me in Peking, nor how its weekly visits are enjoyed.

We experienced a most pleasant and interesting trip across the Pacific, reaching Pekin, September 25th—just one month from the day we sailed from San Francisco. One day was spent in Honolulu sightseeing while our boat coaled and took on cargo. The great "Libby" pineapple fields were among the places of interest we visited. The most striking thing about Honolulu is its cosmopolitan atmosphere, Chinese, Japanese, Europeans, Americans and Hawaiians all doing business together, riding in the same street cars, attending the same picture theatres and public parks and bathing beaches—a thing I have seen in no other place to such an extent.

Upon reaching Yokahoma we left the steamer in order to "do Japan" by rail and "rickshaw." The mountain scenery in this small empire is truly the most beautiful I have seen. However, the granduer can in no way compare to that of our own "Rockies." The Japanses people, with their dainty dress and manners, the houses with no walls except beautiful screens, the perfectly kept flower and vegetable gardens, making "crazy quilt" patch work all over the mountain sides, truly make one think of fairy land. But you are suddenly brought back to reality by the extremely fishy odors
